

# GREEN CARPET WORKSHOP

**WHAT:** An opportunity for educators to come together, discuss, explore and experience principles of learning that are based in nature. Topics include but are not limited to; outdoor and environmental learning, social and emotional learning and place-based learning. The goal is to offer an immersive workshop where participants can see how some of these principles are implemented, share thoughts and experiences, and reflect on activities in a positive outdoor setting.

- camp overnight (Saturday to Sunday)
- food provided by Green Carpet
- 3 workshops plus other micro activities

**WHEN:** July 15–16 (Dates still to be finalized)

An info and consultation session will take place at UBC Education building late may.

**WHERE:** Squamish (Sk̓w̓x̓wú7mesh) Valley or Paradise Valley

Location to be confirmed but the workshops and camping will take place 15minutes outside Squamish,BC.

**WHY:** We are striving to build a community of educators who are conscious of our place within the natural world. The workshop provides a venue for us to pool resources and ideas on how learning in an outdoor setting can be facilitated. Above all else, we want to have fun and remind ourselves why we choose to teach.

**WHO:** Daniel Rapoport and Matthew Van Oostdam are two educators from the Sea to Sky area. We both come with backgrounds in the outdoors and experiences as classroom teachers, outdoor educators, coordinators and much more. We are doing this because we would like to share what we have learned and would like to hear what you have to say!
